PROFESSIONAL SUMMARY

Goal-oriented individual with a strong interest in full stack development and proven problem-solving abilities. Looking for a trainee role to enhance my skills in JavaScript, React, and backend concepts while contributing to meaningful software projects.

EDUCATION

Agni College of Technology,Chennai-B.E Computerr Science and Engineering Nov 2022 - Present

CGPA: 8.4

Gill adarsh matriculation higher secondary school, Chennai - HSC 2021 - 2022

Percentage: 81

Gill adarsh matriculation higher secondary school, Chennai - SSLC 2019 - 2020

Percentage: 82

WORK EXPERIENCE

Data Analytics Intern – NSIC

- Worked on AI-based tools to analyze datasets and generate insights.
- Improved analytical thinking and problem-solving through real-time scenarios.

Java Full Stack Developer Intern – Vortex

- Built hands-on mini full stack modules using Java and basic web technologies.
- Understood REST APIs, backend logic flow, and front-end integration.

SKILLS

Technical Skills: Angular, HTML, CSS Basic, Java full stack development, JavaScript, C

Soft Skills: Leadership & Team Coordination, Time Management, Decision Making, Task Efficiency & Ownership

Language: Tamil, English, Hindi

PROJECTS

Smart Soil Moisture Monitoring System (IoT)

Developed an IoT-based system using ESP32 and sensors to track real-time soil moisture levels. Integrated cloud updates to improve monitoring accuracy and optimize power usage.

Interactive Python Games (Snake, Connect 4, Tic-Tac-Toe)

Built multiple logic-driven games using Python and Pygame to strengthen algorithmic thinking. Implemented modular code with event handling, UI components, and gameplay mechanics.

Analog Clock Application (Python + Tkinter)

Created a real-time analog clock interface using Tkinter, focusing on time updates, UI drawing, and smooth rendering. Enhanced understanding of event loops and GUI development.

CERTIFICATION

- Full Stack Development (Coursework + Hands-on projects)
- Introduction to Data Science – SkillUp
- Python Fundamentals for Beginners
- Front-End Development (HTML/CSS) – Great Learning
- Prompt Engineering (ChatGPT)

ADDITIONAL INFORMATION

- Completed multiple Python and Web development projects independently
- Recognized for strong problem-solving and quick learning during internships
